

## KEN ANDREWS

With a career that bridges the worlds of meticulous investigation, hands-on craftsmanship, and dynamic entrepreneurship, I bring a unique and forward-looking perspective to the Rainbow Bay Property Owners Association. As a former crime scene investigator and forensic specialist, I spent over a decade honing a meticulous eye for detail and a commitment to thoroughness. Transitioning into business, I carried that precision into photography, commercial lending, and eventually into the realms of licensed electrical contracting and real estate. Today, as the broker behind Cariglobe Realty, I blend a rich tapestry of experiences—building codes, construction technology, community engagement—into a vision of a more efficient, friendly, and forward-thinking association. I'm a family man rooted in Eleuthera, and I believe in bringing both warmth and progressive ideas to help our community thrive. In stepping up for a board position, my aim is to offer that blend of experience and a forward-leaning spirit. Together, let's create an association that not only respects tradition but also embraces the future with confidence and warmth.
