20 year's PADI Open Water Scuba Instructor

First visited Eleuthera 1977
Family home since 1978

Board of Directors RBPOA. 1990 - 2006

President of Board 1991 - 1999

Established RBPOA first company bank account with 2 signatures
instead of a personal account dba RBPOA

2022 elected to board after a 16 year hiatus

Vice-president. Director of Maintenance

Enjoyed working with the board and proud of it's accomplishments. Specifically in the restoration of the maintenance building and providing shelter for the Fire Wagon. Supporting and voting for resolutions that will benefit every property owner.

Past couple of years, one may have spotted me at the beach fixing cabanas, making picnic tables, or cutting bush alongside our gardener; Elissaud.

In past years the maintenance building was used for social events. I support having a social committee being formed by a non-board member to re-establish the Robert Poehlmann building as a social spot by members.

Board should continue to strive to be hallmark of accountability .
