

After vacationing in Eleuthera for years, Jerry Reynolds and his family, including his wife Paula and their three children, moved full-time to Rainbow Bay in 2014. For a total of three years, the Reynolds lived in Rainbow Bay, enjoying the community and amenities Rainbow Bay has to offer. While living there, they bought two lots on Overhill and designed their dream vacation home. Now living in San Antonio, Texas, Jerry and his family visit Eleuthera as often as possible, enjoying the comforts of their own home that they built together as a family, one nail at time. Currently, Jerry is a Captain with United Airlines and recently retired as a reservist in the US Air Force. Though Texas is his home, half of Jerry's heart remains always in Eleuthera, namely Rainbow Bay where his home-away-from-home is always waiting. Jerry wishes to serve on the Rainbow Bay board of directors to help continue facilitating direct and honest communication between homeowners and the board, and to achieve neighborhood goals and solve community problems. Jerry believes in the vision of Rainbow Bay where both homeowners and visitors can live and vacation while enjoying the benefits of a united community. With his years of professional leadership, two previous years on the board and deep love of Eleuthera, Jerry would be a great asset to the community of Rainbow Bay as a member of the Rainbow Bay Homeowner's Association.
